

What list/library types are not supported with KWizCom Forms?

Question

Is KWizCom Forms supported on every type of list/library? Sometimes I do not see the KWizCom Forms button in the ribbon or the customizations I make in KWizCom Forms do not actually work on the list.

Answer

Certain list types are not supported for usage with KWizCom Forms. Known lists which are not supported currently are:

- Survey List Types
- Calendar List Types
